

MY LAB

THE NEW COLOR SENSATION

NATURAL MATTER_STAINS FOR WOOD

A new range of stains that bring out the naturalness of the wood grain.

Spray + rag application

CHARACTERISTICS & ADVANTAGES

- A total of 15 shades inspired by the colors of cereals and spices.
- Specifically designed for application to selected wood species, such as Knotted Oak, in order to bring out the naturalness of the wood grain.
- Complement the MY LAB system, which makes it possible to create unique color combinations with the 70 metal-effect coatings of the LIQUID METALS series.
- Advisable to overcoat with NATURWOOD water-based top coat, which protects the surface without altering its appearance.

TECHNICAL SPECIFICATION

EXAMPLE OF CYCLE ON KNOTTED OAK

- **NATURAL MATTER** stain.
- Transparent acrylic base coat.
- **NATURWOOD** Transparent bicomponent water-based top coat, 5 gloss.
